Human Resource in Science and Technology  
“Initiative for Realizing Diversity in the Research Environment”

# Diversity and Super Global Training Program for Female and Young Faculty KICK-OFF MEETING

Date: **Jan.15,2020** (Wed) 10:20-12:00

Venue: **Inamori Hall, Ito Campus, Kyushu University**

Simultaneous Interpretation (Japanese to English) is available.

Kyushu University will launch the SENTAN-Q program to become a world top-class university by empowering female and young faculty through cutting-edge diversity & global training. The first-generation trainees were selected in December 2019 and the program is now ready to start.

This kick-off meeting will be held to help promote understanding about the concept of the program among all faculty (including prospective candidates) and staff.

Diversity and Super Global
